

Barbara

"This brought tears to my eyes. I never imagined in a million years I would be in line for food. I worked hard all my life and I gave back to my community. This is the reality for some people. People need to realize how it is to be a senior that lives on a fixed income. You never know when you will be the one in line. Just one year ago, I didn't have much but I was the one donating food, and this year I'm the one in line. It happens when you least expect it and before you know it you've gone days without refilling prescriptions so you can afford a little bit of milk and bread. The senior food packs they give me means so much more than just a meal...it means hope."
